

**Time to Fall Back**

For most of the U.S., daylight saving time ends at 2 a.m. Sunday, Nov. 6. While you may be tempted to use the extra hour gained as a reason to stay up late Saturday night or sleep in Sunday morning, doctors advise waking up at the same time to keep your body clock in sync.

**A Figure of Speech**

*Phrase:* Squirrel away  
*Meaning:* To store or hide something precious  
*Origin:* Just as a squirrel gathers nuts for the winter and hides them in the ground, people will exhibit similar behavior—whether it's an adult saving up loose change to pay for a vacation or a child hoarding a secret stash of candy. The use of "squirrel away" dates back to the early 1900s.

**Logic Problem**

Max and Cheryl bought some pumpkins at the farmers' market. If Max gives Cheryl one of his pumpkins, they will each have the same number of pumpkins. But if Cheryl gives Max a pumpkin, Max will have twice as many pumpkins as Cheryl. How many pumpkins do they each have?

*(Answer: Max has seven pumpkins, and Cheryl has five pumpkins.)*
