St. Patrick's Day: March 17 Irish Luck Superstitions

- For good luck in love, throw nine straight willow rods towards the rafters of the house and catch them coming down. However, you must, while doing this, stand on one leg with one hand behind your back.
- Find a four-leafed clover on St. Patrick's Day and you will have double, double good luck.
- If you are a single female and find a four-leafed clover, hang it over the door, and the first bachelor you meet you will marry.
- This one was used on leprechauns, but it might work with children. Tell them that a silver dollar is under one of the weeds in the back yard and it is theirs to go find.
- The shoe of a horse nailed to the doorpost will bring good luck. But the shoe must be found, not given in order to bring good luck.
