### Dad Jokes

Warning: classic grown-worthy humor ahead!

- 1) **What's the best thing about summer picnics with dads?**  
They really know how to *ketch-up* with the family!
- 2) **Why did the sun go to summer school?**  
To get a little brighter.
- 3) **Why do trees love summer?**  
Because it's their time to branch out.
- 4) **Why don't eggs tell jokes?**  
They crack each other up
- 6) **I'm reading a book about anti-gravity. It's impossible to put down!**
- 7) **I used to hate facial hair, but then it grew on me**

## Charles "Art" Tyler June 25th

June babies are extra special, and we're celebrating one of our own this month! People born in June are blessed with not only the longest daylight hours of the year to mark their special day, but also a natural gift for optimism, warmth, and bringing joy to those around them. There's something magical about arriving in early summer that seems to spark a genuine spirit of celebration and connection. June birthdays often coincide with outdoor gatherings, golden hour moments, and all the magic that comes with the season's sunshine. If that's you, you're in very good company. Your birthday arrives wrapped in warmth, surrounded by friends and family, and crowned with all the light the year has to offer. We're so grateful to celebrate you this June!
